CHAIRPERSON'S REPORT

The support of South Africans for the National Lottery in the past two years has been phenomenal. Because of this support, the funds raised by the National Lottery for good causes are making a difference to the lives of the people of South Africa through the promotion of charitable work, the arts, culture, national heritage, sport and recreation.

I am indeed proud to present the fourth Annual Report of the National Lotteries Board for the year ended 31 March 2002, in accordance with Section 12 of the Lotteries Act 1997, (Act No. 57 of 1997) as amended and the Public Finance Management Act 1999 (Act No. 1 of 1999) as amended.

When the National Lottery was launched in March 2000, there was only one Lotto draw per week, on a Saturday. Subsequently, scratchcards and a Wednesday draw have been introduced with great success. Each week millions of players, over the age of 18, buy lottery and scratchcard tickets and share in the millions of rands worth of prizes in the different categories.

The Board and Uthingo Management, the licensed operator, are committed to the promotion of responsible participation in the National Lottery and related games. To this effect, players are encouraged to only spend what they can afford to.

Since our last report, the Board has set up a highly efficient administrative and management support system for the distribution of monies generated by the National Lottery for good causes. The process of distribution of funds is being fine-tuned and we foresee the delivery of grants to the needy people of South Africa increasing as the National Lottery progresses.

My sincere gratitude goes to the members of the Board, the members of the Audit Committee, the members of the Distributing Agencies, the Chief Executive Officer and staff of the Board for their conscientious efforts. The accomplishments of the period under review are most noteworthy. I am also grateful for the support and guidance we have received from the Minister of Trade and Industry and the dti.

We all look forward to the challenges ahead of us and I am confident that the team we have will rise to all challenges presented. The monies raised for good causes are increasing as a result of the increasing support of the National Lottery by South Africans. This means that there will be more funds available for good causes. The Board is committed to ensuring that the revenue generated for good causes is as high as possible while ensuring that the National Lottery is run with all due propriety.

ACTIVITIES OF THE BOARD

In the year under review, we can report on the following activities.

THE NATIONAL LOTTERY

The sales of lottery tickets have shown a steady improvement throughout the year under review.

A total of 97 millionaires have been produced in the last financial year. Millions of South Africans have won prizes in the other six prize categories. The highest level of sales recorded in any week was R118m in draw number 125.

Salient Lottery facts for the year under review are as follows:

Prize Winners	39 809 899
Millionaires	97
Rollovers	23
Highest Jackpot	R30 million
Highest Prize	R16 353 580
Average Number of Players Per Week	5.2 million
Total Sales (excl. VAT)	R3 497 479 942
Highest Weekly Sales	R118m
Total Prizes Paid	R1 933 995 629
Total Contribution to NLDTF	R813 642 341

Penalties

Although there were a few minor contraventions of the licence, the Board did not consider that these were serious enough to warrant any penalties. The last penalty incurred for non-compliance was in the previous financial year and amounted to R10 217 318. The Board did however insist that the Licensee, Uthingo Management, provide an undertaking to improve the quality of the service they receive from their technical suppliers.

Terminal Rollout

	31 March 2001	31 March 2002
SA Post Office	463	489
Chain Stores	1 269	1 399
Independent Retailers	4 254	5 108
Forecourts	418	492
Total	6 404	7 488

The figures above represent online terminals that are capable of selling tickets and do not include terminals that are installed and connected to the network but have been suppressed and therefore not capable of selling tickets. Terminal suppression occurs for various reasons ranging from bad debts to fraud to breach of the Retailer Agreement.

Fraud and Copyright Issues

There have been 15 attempts at defrauding the National Lottery. The status of these attempts is indicated in the table below. There have also been 16 cases of copyright infringements.

Cases withdrawn by the prosecutor	5
Cases in Court	7
Cases pending investigation	0
Convictions	3

Performance Standard Measures of Uthingo Management, operator of the National Lottery

As part of its bid commitments and during Licence negotiations, Uthingo and the Board agreed on a set of performance measures in respect of the National Lottery. The set of measures currently used will be extended as the National Lottery evolves and new activities are added. The more important measures are indicated in the table that follows:

Performance Area	Measure	Attained
Availability of Online Facilities (Central Systems)	99.98%	99.94%
Availability of Network	99.60%	99.70%
Terminal Reliability (number of unscheduled repair visits per year per terminal)	< 2	Yes
Timeliness of Payments to the NLDTF	Each Wednesday before 11h00	Yes
System Validation of Online prizes on the morning after draw	98.00%	99.94%
Payments of Walk-in claims exceeding R50 000 in less than 1 hour	90.00%	99.00%
Processing of undisputed postal claims and cheques dispatched within 5 days	80.00%	99.00%
Processing of damaged online tickets and cheques posted within 20 days	90.00%	100.00%
Player Relations: Replies required by mail within 5 days	90.00%	96.30%
Player Relations: Answering of Calls within 5 mins - Peak	60.00%	87.00%
Player Relations: Answering of Calls within 5 mins - Off-peak	90.00%	90.25%
Player Relations: Complaints resolved within 10 days	85.00%	42.50%

STAFF OF THE BOARD

In the period under review, the staff compliment of the Board amounted to 24. It is envisaged that a few more members of staff will be engaged in the coming year to include more support staff to accomplish the goals and aims of the Board.

The Board is committed to equity and redress. In appointing members of staff, preference is given to candidates from previously disadvantaged groups. The Equity Distribution chart shows that 100% of the Board's staff comes from previously disadvantaged groups. This is due to the fact that the white compliment of the Board's staff is all female.

Performance against Pre-Determined Objectives

Since the Board is a regulator, and since the process of regulation and its outcomes are very difficult to predict and to plan for, the Board relies on the specification of its functions in the Lotteries Act and directions given to it by the Minister of Trade and Industry as the primary objectives of its operation and performance. The National Treasury has supported this view. Specifically, these objectives and the Board's performance against them are presented below.

Objective	Boards Performance
Ensure that the National Lottery and Sport Pools are conducted with all due propriety.	<ul style="list-style-type: none"> All employees of the operator and the Board undergo extensive probity checks annually. Continuous monitoring of the Operator's control and security environments through regular compliance programmes. To date, the integrity of the National Lottery has not been compromised.
Ensure that the interest of every participant in the National Lottery is adequately protected.	<ul style="list-style-type: none"> Continuous monitoring of the gaming and prize payment environments and the Operator's call centre. Compliance visits to every live draw. Compliance visits to Retailers.
Ensure that the net proceeds of the National Lottery are as large as possible.	<ul style="list-style-type: none"> Continuous monitoring of Sales and Prizes and the tranche calculations specified in the Licence. Continuous monitoring of ancillary revenue. Continuous monitoring of all categories of expenditure incurred by the Operator.
Administer the National Lottery Distribution Trust fund (NLDTF) and hold it in trust.	<ul style="list-style-type: none"> Tight controls on the receipt and investment of monies generated. Tight controls on the disbursement of monies to beneficiaries.
Monitor, regulate and police lotteries incidental to exempt entertainment, private lotteries, society lotteries and any competition contemplated in Section 54 of the Lotteries Act.	<ul style="list-style-type: none"> Continuous monitoring of lottery related activity in the market. Processes in place for registration of lottery managers, operators and fundraising schemes.
Advise the Minister on percentages of money to be allocated in terms of Section 26(3) of the Lotteries Act.	<ul style="list-style-type: none"> The Board has since made two proposals regarding the allocation of monies. Both proposals were approved by the Minister and Gazetted.
Advise the Minister on the efficacy of legislation pertaining to lotteries and ancillary matters.	<ul style="list-style-type: none"> The Board has since made proposals to the Minister regarding amendments to the Lotteries Act on three occasions. Two amendments have already been implemented.
Advise the Minister on establishing and implementing a social responsibility program in respect of lotteries.	<ul style="list-style-type: none"> The Board, in conjunction with the Operator, has a comprehensive social responsibility programme. The Board monitors the programme annually.
Administer and invest the money paid into the National Lottery Distribution Trust Fund in accordance with the Lotteries Act.	<ul style="list-style-type: none"> The Board has received approval from the Minister of Finance for its investment strategy and currently invests in strict accordance with this policy.
Make such arrangements as may be specified in the licence for the protection of prize monies and sums for distribution.	<ul style="list-style-type: none"> The Board has, at the start up of the Lottery, approved and authorised the various trusts to hold monies reserved for outstanding prizes. The status of these trusts is monitored continually.
Provide the administrative and management support to the Distribution Agencies for the purposes of grant making.	<ul style="list-style-type: none"> The Board has set up the Central Applications Office and has to date, in cooperation with the Distributing Agencies, disbursed 1240 grants totalling R222 539 227. The current cost to disbursement is below 2%. The international average is approximately 11%.

The Board is currently in the process of specifying detailed measurable outcomes in respect of its efficiency in the area of grant disbursements and the throughput in the Central Applications Office. The Board's performance against these will be reflected in the next financial year.

NATIONAL LOTTERY DISTRIBUTION TRUST FUND

Advertisements calling for applications were issued on 25 March 2001 for the Charities category and on 1 April 2001 for the Sports and Recreation; and Arts, Culture and National Heritage categories. Disbursements commenced in July 2001.

To qualify for funding from the **Arts and Culture** allocation, organisations had to show that their activities addressed the production and promotion of cultural products and/or performance; education, training and skills transfer; and the building of new audiences and increasing public access to the arts. Applications for funding from the **National Heritage** (including Environment) category were invited from community, youth, women's, faith and school groups from different socio-economic backgrounds. These organisations had to be involved in the areas of cleanup operations, especially in densely populated areas; planting of indigenous plants and trees; youth environmental education; and youth activities that encouraged partnerships for sharing experiences and resources between the more and the less advantaged groups. Priority in the National Heritage category was given to proposals that also promoted job creation; skills transfer; equity, and redress of historic imbalances; and Nation building.

The **Charities** Distributing Agency has set its initial focus on organisations serving the needs of children, the youth, socially vulnerable groups (e.g. elderly, women, and disabled) and people living with HIV/AIDS. Organisations had to demonstrate that they faced the risk of scaling down or closure if not assisted.

The Distributing Agency for **Sport and Recreation** identified as their priority areas, existing sports facilities/clubs that lacked sports equipment; the upgrading and/or renovation of existing sports facilities; and training institutions/organisations running training programmes for capacity building for sport i.e. managers, coaches, administrators and technical officials. Special consideration was given where the activities of organisations applying for funding from the Sport and Recreation Distributing Agency benefited people in rural areas and vulnerable groups such as women, the youth, people with disabilities and the elderly.

In the absence of a Reconstruction and Development Programme (RDP) fund, no funds were transferred in this category. The Board is in discussion with the Minister of Trade and Industry to combine the RDP category with the Miscellaneous Purposes category and to look at other possibilities for the distribution of the funds allocated for these purposes. This exercise will call for an amendment to the Lotteries Act and is envisaged to be completed in the next financial year.

For the period 01 April 2001 to 31 March 2002, the breakdown of the funding process is as follows:

Category	Amount Available for Distribution	No. of Applications	No. of Applications that met the requirements	Amount Allocated
Arts, Culture & National Heritage	R 99,313,412	742	139	R 48,096,414
Charities	R154,705,387	2 254	850	R102,781,275
Sport & Recreation	R 99,313,412	535	251	R 71,661,538
RDP	R 63,921,436	--	--	0.00
Miscellaneous Purposes	R 21,960,717	--	--	0.00
TOTAL	R439,214,364	3 531	1 240	R222,539,227

From the above, it can be seen that 62% of the funds available for Arts, Culture and National Heritage; Charities; and Sport and Recreation were allocated to good causes. All unallocated funds will be carried forward to the next year and will be made available for distribution.

For the period 01 April 2001 to 31 March 2002, the distribution of good cause monies per province is as follows:

	Arts, Culture & National Heritage	Charities	Sport & Recreation	TOTAL
Eastern Cape	R 3,445,504	R 10,287,991	R 12,177,635	R 25,911,130
Free State	R 987,460	R 4,404,672	R 2,896,583	R 8,288,715
Gauteng	R 17,012,680	R 36,858,077	R 18,274,807	R 72,145,564
KwaZulu Natal	R 5,603,360	R 14,677,155	R 10,862,528	R 31,143,043
Limpopo	R 2,971,000	R 2,530,900	R 5,191,217	R 10,693,117
Mpumalanga	R 400,000	R 2,400,544	R 3,495,400	R 6,295,944
Northern Cape	R 498,247	R 3,044,865	R 3,430,321	R 6,973,433
North West	R 2,642,500	R 2,143,960	R 3,185,276	R 7,971,736
Western Cape	R 14,535,663	R 26,433,111	R 12,147,771	R 53,116,545
TOTAL	R 48,096,414	R102,781,275	R71,661,538	R222,539,227

A detailed list of all beneficiaries of the NLDTF in the period under review would be made available to the public through a poster campaign made possible by the generous sponsorship from ABSA. The posters will be displayed at all lottery retail outlets.

For a detailed list of all allocations, please refer to pages 36 to 48 of the report.

SOCIETY AND OTHER LOTTERIES

Regulations in respect of society and other lotteries were promulgated on 18 April 2000 in Government Gazette No. 21119.

In terms of the regulations, societies that wish to raise funds through lottery-type competitions have to first register with the National Lotteries Board and comply with requirements of the regulations. In doing so, all organisations are obliged to inform the Board of each competition they run. The regulations also govern, amongst others, the amount that can be raised in each lottery, the frequency of lotteries and the amount that can be allocated to legitimate expenses. Registered societies are given the opportunity to apply for exemptions, should they so require.

In the period under review:

Applications of Registration

	Received	Approved	Declined	Outstanding
Applications for Society Registration	33	21	0	12
Applications for Scheme Registration	42	24	0	18

Application for Exemption

Registration Number	Name of Society	Draw Date	The Nature of Exemption Granted
00004	S A Blind Workers Organisation	26/04/02	Exemption in terms of the amount to be raised in one lottery. This society was allowed to raise R5 million instead of R2 million in one lottery.
00010	Heart Foundation	30/08/01	Exemption in terms of the alternative first prize to be offered. The society was also allowed to extend the draw date from 26/05/01 to 30/08/01 as intended.
00017	S A Guide Dogs Association	08/08/01	Exemption for level of expenses. The society was also allowed to extend the draw date from 04/07/01 to 08/08/01 as intended.

PROMOTIONAL COMPETITIONS

The Board engaged the Bureau for Market Research at UNISA to investigate and clarify the nature of the responses to the Draft Regulations on Promotional Competitions published in November 1999.

It was concluded that one of the main purposes of section 54 of the Lotteries Act was to protect the National Lottery and other lotteries against promotional competitions.

In view of the lack of impact of promotional competitions on those lotteries, the strict provisions of section 54 were relaxed and the unnecessary limits and protective measures were repealed, but the measures affording protection to the general public were retained.

A new measure has been introduced which proposes that a promotional competition is not unlawful if the purchase of goods or use of services promoted by the promotional competition are not the only means, instrument, method, process or mechanism to enable a participant to take part in the draw relating to that competition.

AUDIT COMMITTEE

The Audit Committee was established on 1 March 2002. The committee is served by non-executive members that have been appointed for a period of two years.

Members of the Audit Committee are:

Norman Axten is the Chairperson of the Audit Committee and is also a non-executive member of the National Lotteries Board. He is a retired banker with 43 years experience in the industry. Mr. Axten is a fellow of the Institute of Bankers, a past president of the Institute of Bankers and of the Association of Mortgage Lenders and is also a past Chief Executive of the Banking Council. He now serves as a director of companies.

Ratha Nayager, a Chartered Accountant by profession, is currently the Industry Focus Leader of the Public Sector Division of Ernst & Young in Johannesburg. Since 1998, until recently, Mr. Nayager was responsible for the overall performance of the Gauteng Audit Office of the Auditor-General where his duties included overseeing the auditing of 15 provincial departments, 35 local governments and 15 Public Entities.

Kobus Scheepers is a retired Managing Partner of PriceWaterhouseCoopers (Northern Region) and a member of various Audit Committees including: Medihelp, City of Tswane, North West Provincial Government and the National Gambling Board. He is also a member of the Disciplinary Committee of the Public Accountants and Auditors Board. Mr. Scheepers is currently serving as Chairman of the Interim Representative Council guiding the restructuring of the Accountancy Profession in South Africa. He also serves as a director of organisations.

The responsibilities and duties of the Audit Committee include, *inter alia*:

- Reviewing of management procedures with regard to internal control;
- Reviewing of management procedures with regard to financial reporting;
- Evaluation of the external and internal Audit Plans;
- Consideration of problems arising out of audits; and
- Reviewing of the annual financial statements before approval by the Board.

The first meeting was held on 20 March 2002 and the committee has thus far reviewed the following:

- The National Lotteries Board's Audit Policy;
- The Internal Audit Plan for the year ending 31 March 2003; and
- The annual financial statements for year ending 31 March 2002 by:
 - Assessing the accounting principles used and significant estimates made by management; and
 - Evaluating the overall financial statement presentation.

STATEMENT OF RESPONSIBILITY

The Board is responsible for the maintenance of adequate accounting records and the preparation and integrity of the financial statements and all related information. The auditors are responsible for reporting on the fair presentation of the financial statements. The financial statements have been prepared in accordance with South African Statements of Generally Accepted Accounting Practice and in the manner required by the Public Finance Management Act, as amended, and related Treasury Regulations.

The Board is also responsible for the National Lotteries Board's systems of internal control. These are designed to provide reasonable, but not absolute, assurance as to the reliability of the financial statements and to adequately safeguard, verify and maintain accountability of assets, and to prevent and detect misstatement and deficit. Nothing has come to the attention of the members to indicate that any material breakdown in the functioning of these controls, procedures and systems has occurred during the year under review.

The financial statements have been prepared on the going concern basis, since the members have every reason to believe that the Board has adequate resources in place to continue to operate for the foreseeable future.

FINANCIAL RESULTS

The financial results of the National Lotteries Board and the National Lottery Distribution Trust Fund are set out in the attached financial statements.

MEMBERS OF THE BOARD

The Members of the Board are:

ANNUAL FINANCIAL STATEMENTS for the year ended 31 March 2002

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON THE FINANCIAL STATEMENTS OF THE NATIONAL LOTTERIES BOARD FOR THE YEAR ENDED 31 MARCH 2002

1. AUDIT ASSIGNMENT

The financial statements as set out on pages 15 to 25, for the year ended 31 March 2002, have been audited in terms of section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996), read with sections 3 and 5 of the Auditor-General Act, 1995 (Act No. 12 of 1995) and section 12 of the National Lotteries Act, 1997 (Act No. 57 of 1997). These financial statements, the maintenance of effective control measures and compliance with relevant laws and regulations are the responsibility of the accounting authority. My responsibility is to express an opinion on these financial statements, based on the audit.

2. NATURE AND SCOPE

The audit was conducted in accordance with Statements of South African Auditing Standards. Those standards require that I plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements,
- assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

Furthermore, an audit includes an examination, on a test basis, of evidence supporting compliance in all material respects with the relevant laws and regulations, which came to my attention and are applicable to financial matters.

I believe that the audit provides a reasonable basis for my opinion.

3. AUDIT OPINION

In my opinion, the financial statements fairly present, in all material respects, the financial position of the National Lotteries Board at 31 March 2002 and the results of its operations and cash flows for the year then ended in accordance with South African Statements of Generally Accepted Accounting Practice and in the manner required by the Public Finance Management Act, 1999 (Act No. 1 of 1999).

4. APPRECIATION

The assistance rendered by the staff of the National Lotteries Board during the audit is sincerely appreciated.

**NATIONAL LOTTERIES BOARD
SUMMARY OF ACCOUNTING POLICIES
for the year ended 31 March 2002**

The principal accounting policies adopted in the preparation of these financial statements are set out below.

1 Basis of preparation

The principal accounting policies of the Board and the disclosures made in the financial statements conform to Statements of Generally Accepted Accounting Practice in South Africa. The financial statements are prepared on the historical cost basis. The principal policies are consistent with those applied in previous years.

1.1 Property, plant and equipment

All property, plant and equipment are initially recorded at cost. Property, plant and equipment are stated at historical cost less accumulated depreciation and are written off over the expected useful life of the asset.

Depreciation is calculated on the straight-line method to write off the cost of each asset to their residual values over their estimated useful life as follows:

- Furniture and fittings	5 years
- Office equipment	5 years
- Computer equipment	3 years
- Motor vehicles	4 years
- Leasehold improvements	3 years
- Intangible assets	3 years

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Where the cost of an asset is less than R2 000 that asset is expensed immediately.

Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying value and are taken into account in determining operating profit.

1.2 Leased assets

Finance lease

Leases of property, plant and equipment where the National Lotteries Board assumes substantially all the benefits and risks of ownership are classified as finance leases. Finance leases are capitalised at cost. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The corresponding rental obligations, net of finance charges, are disclosed as non-current liabilities. The interest element of the finance charges is charged to the income statement over the lease period. The property, plant and equipment acquired under finance leasing contracts are depreciated over the useful lives of the assets.

1.3 Operating leases

Leases of assets under which the lessor effectively retains all the risks and benefits of ownership are classified as operating leases. Payments made under operating leases are charged to the income statement on a straight-line basis over the period of the lease.

1.4 Provisions

Provisions are recognised when:

- the National Lotteries Board has a present legal or constructive obligation as a result of past events,
- it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and
- a reliable estimate of the amount of the obligation can be made.

Employee entitlements to annual leave and service bonuses are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and service bonuses as a result of services rendered by employees up to the balance sheet date.

**NATIONAL LOTTERIES BOARD
SUMMARY OF ACCOUNTING POLICIES
for the year ended 31 March 2002**

1.5 Revenue recognition

Revenue earned by the Board is recognised on the following basis:

- License fees – over the period of the licence contract,
- Interest income – as it accrues (taking into account the effective yield on the asset) unless collectability is in doubt, and
- Fees received from the bidders – as it accrues.

1.6 Government grants/assistance from the NLDTF

Government grants/assistance from NLDTF utilised to purchase property and equipment are included in non-current liabilities as deferred income and are credited to the Income Statement on a straight-line basis over the expected lives of the related assets.

1.7 Financial instruments

Financial instruments carried on the balance sheet include cash and bank balances, investments, receivables, creditors, leases and borrowings.

Measurement

Financial instruments are initially measured at cost. Subsequent to initial recognition these instruments are measured as set out below.

Investments

Investments are shown at capital invested plus accrued interest. Where there has been a permanent diminution in the value of an investment impairment, it is recognised as an expense in the period in which the diminution is identified.

Trade and other receivables

Trade and other receivables are stated at cost less provision for doubtful debts.

Cash and cash equivalents

Cash and cash equivalents are measured at cost plus interest income as it accrues.

Financial liabilities

Financial liabilities are recognised at amortised cost, namely original debt less principal payments and amortisations.

1.8 Retirement benefit cost

The Government Employees Pension Fund is a defined benefit fund, which provides retirement and death benefits for the Chairperson. The pension plan is generally funded by payments from the Chairperson and the National Lotteries Board. The contributions are charged to the income statement in the year to which they relate.

The Provident Fund to which all other employees belong is a defined contribution fund, which provides retirement, death and disability benefits. The National Lotteries Board, as part of the cost to company as negotiated with all employees, funds the plan. The contributions are charged to the income statement in the year to which they relate.

The National Lotteries Board is exempt from income tax in terms of Section 10(1)(cA) of the Income Tax Act, 1962, (Act No. 58 of 1962). The Board is however registered and liable for VAT in terms of the Value-Added Tax Act, 1991, (Act No. 89 of 1991).

NATIONAL LOTTERY DISTRIBUTION TRUST FUND (NLDTF)

ANNUAL FINANCIAL STATEMENTS for the year ended 31 March 2002

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON THE FINANCIAL STATEMENTS OF THE NATIONAL LOTTERY DISTRIBUTION TRUST FUND FOR THE YEAR ENDED 31 MARCH 2002

1. AUDIT ASSIGNMENT

The financial statements as set out on pages 29 to 35, for the year ended 31 March 2002, have been audited in terms of section 188 of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996), read with sections 3 and 5 of the Auditor-General Act, 1995 (Act No. 12 of 1995) and section 12 of the National Lotteries Act, 1997 (Act No. 57 of 1997). These financial statements, the maintenance of effective control measures and compliance with relevant laws and regulations are the responsibility of the accounting authority. My responsibility is to express an opinion on these financial statements, based on the audit.

2. NATURE AND SCOPE

The audit was conducted in accordance with Statements of South African Auditing Standards. Those standards require that I plan and perform the audit to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit includes:

- examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements,
- assessing the accounting principles used and significant estimates made by management, and
- evaluating the overall financial statement presentation.

Furthermore, an audit includes an examination, on a test basis, of evidence supporting compliance in all material respects with the relevant laws and regulations, which came to my attention and are applicable to financial matters.

I believe that the audit provides a reasonable basis for my opinion.

3. QUALIFICATION

In terms of section 64(2) of the National Lotteries Act, 1997 (Act No. 57 of 1997), all unexpended moneys in the Distribution Account referred to in the State Lotteries Act, 1984 (Ciskei), and those in the State Lottery Trustee Account referred to in the Lotteries Decree, 1989 (Transkei), immediately before the commencement of this Act, shall be paid into the National Lottery Distribution Trust Fund. At the date of this report this money had not been transferred and the total amount outstanding could not be calculated. The annual financial statements could therefore be understated by an unknown amount.

The Department of Trade and Industry informed the National Lotteries Board (NLB) after year-end that the responsibility for transferring unexpended moneys rests with the NLB. In view of the time lapse since this matter was first raised, it should now receive the urgent attention of the NLB.

4. AUDIT OPINION

In my opinion, except for the effect on the financial statements of the matter referred to in paragraph 3, the financial statements fairly present, in all material respects, the financial position of the National Lottery Distribution Trust Fund at 31 March 2002 and the results of its operations and cash flows for the year then ended in accordance with South African Statements of Generally Accepted Accounting Practice.

5. APPRECIATION

The assistance rendered by the staff of the National Lotteries Board during the audit is sincerely appreciated.

**NATIONAL LOTTERY DISTRIBUTION TRUST FUND
NOTES TO THE ANNUAL FINANCIAL STATEMENTS
for the year ended 31 March 2002**

1 Basis of preparation

The principal accounting policies of the National Lottery Distribution Trust Fund and the disclosures made in the financial statements conform to Statements of Generally Accepted Accounting Practice in South Africa. The financial statements are prepared on the historical cost basis. The principal policies are consistent with those applied in previous years.

1.1 Financial instruments

Financial instruments carried on the balance sheet include cash and bank balances, investments, receivables and payables. Financial instruments are initially measured at cost. Subsequent to initial recognition, these instruments are measured according to the particular methods adopted as disclosed in the individual policy statements associated with each of them.

Receivables

Receivables are stated at cost less provision for doubtful debts.

Investments

Investments are shown at capital invested plus interest as it accrues.

Cash and cash equivalents

Cash and cash equivalents are shown at the original capital invested plus accrued interest. For the purposes of the cash flow statement, cash and cash equivalents comprise cash in hand, deposits held at call with banks, and investments in money market instruments that mature in less than three months and are not only considered to be low risk investments, but may also be converted to cash earlier if considered necessary.

Financial liabilities

Financial liabilities are stated at cost.

1.2 Revenue recognition

- Share of ticket sales, unclaimed prize money and other scheduled proceeds received according to the licence agreement is recognised as it accrues.
- Interest income is recognised as it accrues, taking into account the effective yield in respect of investments, unless collectability is in doubt.

1.3 Disbursement of funds

Disbursements are accounted for once applications for assistance from individual entities are approved by the respective distribution agencies.

1.4 Assistance to The National Lotteries Board

The assistance to The National Lotteries Board is based on anticipated operating costs for which the Board is responsible. The amount paid includes the corresponding value added tax element for which the National Lotteries Board is liable.
